➡ *SIS Contract Screen (M35) Changes*

Effective Tuesday, October 24, 1995 two enhancements will be made to the SIS Contract Screen (M35):

- View History Information - Once a quarter SIS runs a program that archives contract information for any contract that has expired or ended. To retrieve this information place an "H" in the Action field and press ENTER. A window will display the ARCHIVE Date with the requested contract information. From this screen you may press the ENTER key to view other Archive dates.

- View additional contract information - To view additional contract information, place the cursor in the Action field beside the contract and press the ZOOM key (F6).

➡ Updating Sales Address List

Effective Thursday, October 19, 1995 the two SIS Sales Address functions on the Main Menu have been combined into "Sale Address List". This menu item will allow you to view and update Region, Division, Territory, and Responsible Person through the same function.

- **The fist screen will give you a list of the sales levels. If the appropriate level is not listed, type the level in the NEXT LEVEL field and press ENTER.**
- Place an "S" in the ACTION field to view/update shipping information or "E" to view/update Mailing information.
- The Shipping Address Screen should be familiar except for the F11 key. Pressing the F11 key will display a Responsible Person list for the Division and allow you to update. This will eliminate the need to make changes from the Print Report section of SIS. After making changes you will need to press the F2 key for the changes to take effect. F3 will return you to the Sales Level List.
- The Mailing Address Screen is used to view/update the Region and Division Addresses.
